- Catering sponge scourers

Please ask for detailed information and special price list.

„Guaranteed Premium Quality“ is the principle to which we are committed. This includes the uncompromising use of high-quality steel wool wire and processing on modern steel wool machines using first-class precision tools. This has made TROLLULL the undisputed No. 1 steel wool in Great Britain, where TROLLULL is doing business for almost 40 years.

TROLLULL steel wool is made of special, very high grade quality steel. It has an excellent purity, high breaking strain and is extremely elastic:

Reliable grading
Guaranteed quality assurance in grade selection.

Elasticity
Guaranteed durability for working in awkward areas.

High breaking strain
Guaranteed for frequent use.

Ecological
Guaranteed for ecological manufacturing processes.

The Scale of Hardness indicates in which areas TROLLULL steel wool grinds gently, smooths softly and cleans without scratching:

| Grade of hardness (as per Mohs) | Materials | Surface selected | Scale of hardness |
|---------------------------------|--|--|---|
| 10 | DIAMOND SANDING PAPER SANDING FLEECE | Earthenware Ceramic glass | <p>TROLLULL steel wool cleans and processes these surfaces without scratching</p> <p>These surfaces can be smoothed and burnished with steel wool</p> |
| 9 | | | |
| 8 | GLASS PAPER | Porcelain | |
| 7 | | Window panes Enamel Hard metals Hard synthetics | |
| 6 | | | |
| 5 | | | |
| 4 | TROLLULL steel wool | | |
| 3 | | Wood Acrylic paint Varnish, Shellac | |
| 2 | | Plaster boards | |
| 1 | | | |

The application possibilities and the materials for which steel wool is used are explained on every package by examples corresponding to every single grade:

FINE **0000**
000
00

MEDIUM **0**
1
2

COARSE **3**
4
5

Pick up the right product immediately – our colour coding system makes it quite simple to find the TROLLULL grade that you want: **Yellow** indicates the finest steel wool grades 0000, 000, 00. **Orange** stands for the grades 0, 1, 2 and **red** for the coarser grades 3, 4 and 5. Ask for even more special grades.

Packaging must be informative. Every TROLLULL package therefore carries easily comprehensible instructions for use:

And of course every TROLLULL package carries the GREEN POINT, the actual net weight and the GTiN coding:

The Green Point

Actual net weight

GTiN coding
